

# City of Bellingham

P. O. Box 356

Bellingham, MN 56212

CITY OFFICE  
(320)-568-2508

Residents of Bellingham,

The City Council would like to thank everyone who attended the meeting on June 26, 2018. We feel it was well attended and very informative. We also want to Thank those of you that have taken the extra time to trim and mow your yards and special Thanks to a few people who have stepped up to help out their neighbors. We really have some great people in this Community.

With that being said, we still have a few complaints that keep happening. Mainly a few dogs running at large and using the neighbor's lawns to go to the bathroom. Dogs are supposed to be on a leash even in their own yards or you need to be outside with your dog.....if your dog messes on someone else's yard please clean it up! Also there is to be no burning in the city, with the exception of fire pits. This means you only burn wood from trees and fallen limbs, not paneling, old woodwork, paper, etc. It smells, is against the law and your neighbors might actually have their windows open. Please be a good neighbor and respect those around you.

Finally, if you need help getting something cleaned up in your yard, like large branches, trimming the weeds, etc. please call the City Office (568-2508) and leave us a message and we will see if we can get you some help. There are people willing to help if you need it, so please let us know!

Again thank you to those that have stepped up to help your neighbors and to everyone that attended the meeting. We appreciate your cooperation in cleaning up our town.

Sincerely,

Bellingham City Council
