Case Study: Wood Lake City Basketball Hoops

The People Involved

Project Champions: Wood Lake City MN Community Members **City Clerk:** Brenda Drager

Initial Goals:

A plan was created to replace basketball hoops that were in disrepair.

<u>Timeline:</u>	2012: A Wood Lake City citizen noticed that the hoops should be replaced.		December 2012: The Southwest Minnesota Initiative awards the grant to Wood Lake City		
		2012: The same citizen wrote a grant for basketball hoops		Wood Lake	r 2015: City installed ball hoops

Funding:

The Southwest Minnesota Initiative awarded a \$1,000 grant to Wood Lake City. This covered the majority of the costs of installing the new hoops.

Results:

The basketball hoops are planning to be installed for the summer of 2015. Citizens were pleasantly surprised to find that there was funding available for a project of this size.
